HEROES AND MONSTERS

Youth Exchange By Mladiinfo, Ochoz u Brna, Czech Republic

About the project

Dear monsters and heroes,

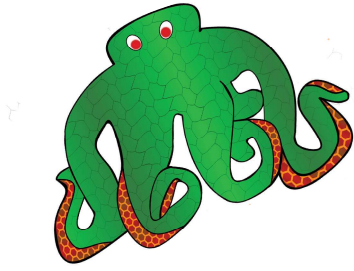

We have prepared this info pack in order to prepare you for our Erasmus+ youth exchange as much as we can. We organize this project because we wish to bring together young people from different European Countries to enable them to become film producers, screen writers, editors, camera operators, actors and actresses, and any kind of artists or movie lovers. We know that games and fun are the best tools how to learn an efficient teamwork in multicultural environment, how to overcome prejudices and develop our skills and explore hidden talents that are just waiting to be discovered. Thus forget sitting behind a school desk and making notes and do not expect anything else than non-formal activities, games and workshops, together we can create an enjoyable movie experience inspired by all the heroes and monsters we can just think of!

What activities and workshops you can look forward?

- TEAMBUILDING AND NAME GAMES
- PREPARATION OF THE MOVIE THEME
- WRITING OF THE SCREENPLAY
- PREPARATION OF PROPS AND COSTUMES
- WORKING WITH CAMERA, SHOOTING, ANIMATION (UNDER THE GUIDANCE OF PROFESSIONALS)
- CUTTING AND EDITING
- PREPARATION OF SCREENINGS FOR THE PUBLIC

Tips for the project

WHAT TO PREPARE?

One of the significant parts of Youth Exchanges are the **intercultural nights** - and we love them!

National groups usually bring some traditional food and beverages and we would like to propose it to you as well.

Discuss within your team what to bring to the table.

Intercultural nights also aim to present your country, but do not worry, you don't have to prepare any presentations, this time we will present without laptops, projectors or powerpoint presentations.

It will be in a creative way and it's gonna be fun!

The Venue

We have chosen a venue near the second largest city of the Czech Republic called Brno. The venue's name is Kaprálov mlýn and it is surrounded by a beautiful nature, that would give us a lot of space for inspiration and learning. The remote standing property is placed in the Moravian karst just few minutes walk from outstanding natural phenomena: caves, insurgences and resurgences, wetlands, steppe grasslands and plant-rich forests. Due to karst morphology many habitats can be found close to each other. Říčka stream is running just few metres from the centre.

Transportation

ARRIVAL DATE:

24/6/2019 - Please try to arrive in the morning, so we can start with some initial activities on this day.

DEPARTURE DATE:

30/6/2019 - Please try to schedule your departure after lunch, so we can finish everything up on this day.

The venue is outside of the city of Brno, therefore we will schedule your arrival to the place of the venue after we receive information on all of the participants about their arrival to BRNO. For now, don't worry about it.

Connections to Brno are very simple, there are many possibilities.

Transportation

As you can see, Brno has an international airport, but the connections are poor and very expensive, therefore we recommend you to fly to Vienna, Prague or Bratislava and then take other means of transportation. The connections are very good, it takes approximately 2.5 hour from Prague, from Bratislava or Vienna it is around 2 hours as well. You can search your connection here
