Vyslající organizací pro české účastníky je Mladiinfo ČR. Co to znamená?

- Na tvé cestě tě budeme podporovat a se vším ti pomůžeme.
- S vybranými účastníky si domluvíme společný videocall, kde se česká skupina seznámí, vymění si kontakty a naplánuje společnou cestu.
- Společně vymyslíme plán propagace projektu, např. příspěvky na sociálních sítích či na našem webu.
- Kontaktovat nás můžeš na **kancelar@mladiinfo.cz**.

Neustále hledáme nové dobrovolníky!

Baví tě psát články, sleduješ trendy na sociálních sítích, zajímáš se o chod neziskové organizace jako je Mladiinfo? Neustále **hledáme šikovné lidi**, kteří mají zájem se zapojit. Dej nám o sobě **vědět**

Orfeas A.M.K.E. (OID E10073840) submitted an application form that has been approved by INEDIBIM, Greece with the project number of **2022-1-EL02-KA152-YOU-000065902** with the title **“Build ecotopia!”**.

Objective and aim:

Environmental awareness is an incredibly important part of our lives. In order to protect the sustainability of the planet, everyone needs to commit to becoming more environmentally aware. People believe that environmental issues are not their problem, that they cannot do as much as it would need to make the change in the environmental destruction. **Our goal is** to make them understand that we can make the change with small but very important steps, to motivate young people toward environmental sustainability.

This exchange is a great opportunity to bring together **youngsters from 7 European countries** and to raise our issue on European level in order to make bigger and wider impact of this very important topic.

We give highly importance to the three keywords that represent our general objectives:

With their participation we would like to **ENGAGE young people** toward this very important topic in order to have a meaningful continuation of this project by returning to their home towns.

With their participation we would like to **CONNECT young people** to work together on one of the most important topics that effects our everyday life. Through this project we would like to encourage them for active participation, for taking our ideas into action and to strengthen the idea of **“thinking globally, acting locally”**

With their participation we would like to **EMPOWER them** to become active citizens of Europe and with experience, knowledge, ideas, good practices, self-esteem...etc in order to going back with confidence and willingness to spread the environment awareness in their community.

Our main themes:

- Analyze and explore the meaning of the 3R – reduce/reuse/recycle
- Creating our ideal eco-island
- Workshop and research about food waste
- Introduction and discussion about fast-fashion
- Create our handmade bag from old T-shirts
- Excursion to the lake Stymfalia and visit the environmental museum
- Survey about topics: saving energy, saving water, recycling, food waste, littering, green transport
- We will be environmental investigators observing locals and the environment
- Cleaning the forest and beach from plastics in cooperation with students of the high school
- Build a figure from plastics that will keep a board with a strong message

This activity is a mobility project for young people, an international **youth exchange** program, that takes place in **Xylokaastro** town, Corinth region and involves 7 partners from the Programme Countries.

Each partner organization will delegate **5 youngsters and 1 group leader**.

We will host groups from **Lithuania, Poland, Czech Republic, Ireland, the Netherlands** and the applicant group, **Greece**.

The activity dates are **18/09/2022 – 25 / 09/ 2022 (8 days)** - including travel days.

As in the preparation phase we will:

- You will receive an info-pack with practical arrangements, project environment
- As soon as you have ready your team, we arrange the travel.
- We will share the tasks, discuss how you can contribute to the project / you will receive the timetable of the exchange

As for the task- related preparation:

- We would like to involve you and ask you to prepare some workshops, team building games, energizers.
- to prepare short presentation about your country, region that will be shown and presented in the intercultural evenings.
- to make research about some topics that will be defined in the preparation phase in order to acquaint each other about this issue and to bring an international dimension to the project.
- We will create a WhatsApp group with the leaders and contact person from the partner organizations
- We will create a Facebook group for the project

We keep in contact!!!
